SUMMARY

Computer Applications graduate with hands-on project experience in full stack development using Java, Spring Boot, Spring Security, and Hibernate on the backend, and JavaScript, HTML, and CSS on the frontend. Experienced in building and testing RESTful APIs with Postman, and managing data with MySQL, PostgreSQL, and H2 Database. Completed a remote web development internship and built multiple end-to-end projects including a JWT-secured authentication system and a REST API-based expense tracker. Quick to learn new tools and frameworks, and looking for an entry-level Software Engineer / Full Stack Developer role to contribute in a collaborative development team.

EDUCATION

Master of Computer Application <i>Graphic Era (Deemed to be University) Online, Dehradun</i>	2026 – 2028(Expected)
Bachelor of Computer Application <i>Quantum University, Roorkee</i>	2023 - 2026
Bachelor of Arts (Open & Distance) <i>Uttarakhand Open University, Pauri Garhwal</i>	2022 - 2025
Senior Secondary Education <i>Govt. Inter College, Sendhikhal, Pauri Garhwal</i>	2021
Secondary Education <i>Govt. Inter College, Sendhikhal, Pauri Garhwal</i>	2019

TECHNICAL SKILLS

Programming Languages: Java, C, C++, JavaScript, HTML, CSS

Database: MySQL, PostgreSQL, H2 Database

Frameworks: Spring Boot, Spring Security, Hibernate, Maven, REST API

Software Development & Testing Tools: Postman (API Testing & Debugging), Git, GitHub, IntelliJ IDEA, VS Code

Core Concepts: OOP (Inheritance, Polymorphism, Abstraction, Encapsulation), Java Collections Framework, Exception Handling

EXPERIENCE

Web Development | *Octanet Services Pvt Ltd (Remote)*

Nov 2024 - Dec 2024

- Developed a responsive landing page using HTML, CSS, and JavaScript, applying core web development and software design practices.
- Improved design responsiveness across devices and optimized page layout for better user experience, identifying and resolving layout bugs.

PROJECTS

Auth System — Java, Spring Boot, Spring Security, JWT, MySQL, JavaScript, Postman, Git

[\(Live Preview\)](#)

- Built a full stack Authentication System using Spring Boot (REST APIs, JWT, Spring Security) and vanilla JavaScript (Fetch API) with secure login, signup, and profile features.
- Implemented JWT-based stateless authentication with BCrypt password encoding, CORS configuration, and token validation on both frontend and backend, testing endpoints with Postman.
- Designed a fully responsive UI with HTML & CSS media queries, popup confirmation dialogs, and token-based session management via localStorage.

Expense Tracker — Java, Spring Boot, Hibernate (JPA), H2 Database, Lombok, Postman

- Developed a RESTful Expense Tracker API using Java 21, Spring Boot, and Hibernate with full CRUD operations and layered software design/architecture.
- Tested and validated API endpoints using Postman and handled data persistence with H2 Database, applying database handling and debugging skills.

Currency Converter — HTML, CSS, JavaScript

[\(Live Preview\)](#)

- Developed a currency converter web application using real-time exchange rates by integrating an external API.
- Built a responsive, user-friendly interface, strengthening JavaScript coding and DOM manipulation skills.

Spider-Man Landing Page— HTML, CSS, JavaScript

[\(Live Preview\)](#)

- Designed and developed a responsive landing page using HTML, CSS, and JavaScript.
- Implemented interactive animations and smooth scrolling effects.
- Optimized the layout for different screen sizes and devices.
- Improved user experience with clean and modern UI design.

CERTIFICATIONS

- Spring Boot 3 Essential Training — LinkedIn Learning, Nov 2025
- Java: Advanced Concepts for High Performance Development — LinkedIn Learning, Nov 2025
- Low-Level Design of Payment Apps — Scaler, Oct 2025
- React Bootcamp — Scaler, Oct 2024

ACHIEVEMENTS

- Participated in 3+ university-level Hackathons and Code Fests, actively contributing to team solutions for real-world software development problems.
- Active member of Codex Club, a student-led tech club focused on coding, collaboration, and technical growth.

ADDITIONAL INFORMATION

Languages: English, Hindi

Hobbies: Running, Travelling
